

Turner Reservoir Loop Trail

FEATURES AT THE TURNER RESERVOIR LOOP TRAIL

1. **Boardwalk** – This section of the trail traverses over areas of wetlands and along the Ten Mile River
2. **Earthen Dam** – This dam, built in the 1930's, created the Turner Reservoir that once was used for drinking water.
3. **Memorial** – This memorial is dedicated to three Seekonk High School students who lost their lives while canoeing on the reservoir in 1998.
4. **Peninsula** – A short spur trail leads to the tip of the peninsula offering sweeping views of the reservoir.
5. **Dedication Rock** – This rock is dedicated to James V. Turner, whom the reservoir is named after.
6. **Newman Oak** – A short spur trail leads to Bridgham Farm Road. Here is the Newman Oak, a tree said to be nearly 400 years old.
7. **Spillway** – The Turner Dam has spillway with a newly built fish ladder.

ALL TRAILS TO BE USED AT YOUR OWN RISK.
